ABOUT

MIQAAT

A STORY TOLD IN TIME

MIQAAT DEVELOPMENTS

At MIQAAT Developments, we don't just build places, we mark moments. Every project begins not with a blueprint, but with a belief that the right place, at the right time, can change everything. We draw our name from the Arabic word miqaat, a powerful reminder that timing isn't just a factor, it's a force. It shapes how we live, connect, and grow.

Our first projects across Cairo are not just real estate launches they are statements of who we are and how we think. With 50 feddans across East and West Cairo, MIQAAT is beginning its story exactly how we planned: deliberately, elegantly, and with enduring impact.

A RESIDENTIAL EXPERIENCE

CONNECTED COMMUNITIES

FOR YOU AND THOSE YOU LOVE

Is more than a line, it's the essence of a life thoughtfully designed around what truly matters. This is a residential community where every space, every detail, and every moment is created to bring you closer to the people you love. From peaceful mornings to vibrant evenings, from shared laughter to quiet comfort, it's a place where memories are made and bonds grow stronger. Here, life isn't just lived, it's experienced together, in a home that embraces you and everyone who makes it meaningful.

أنت ومن تحب

SÍRA[®]
COMMUNITY

THE STORY OF SIRA

Welcome to SIRA, a new residential compound designed with the belief that every home holds more than just walls, it holds stories. Here, each family member, each corner, and each moment contribute to a living narrative. SIRA is not just a place to live; it's a place where memories are made, where individual journeys intertwine, and where every household becomes a chapter in a larger story. Discover a community that celebrates life, connection, and the beauty of multiple stories under one roof.

MASTERPLAN

DYNAMIC SPACES

SIRA's masterplan is thoughtfully designed to create a connected living experience. With two main entry gates, the development is anchored by expansive landscapes and a central lake spine that flows through the heart of the community. Each building is carefully positioned to enjoy open green views, while roundabouts ensure smooth accessibility and circulation. Underground parking is integrated to maintain a pedestrian-friendly environment above ground, allowing residents to experience a calm, green, and uninterrupted lifestyle.

UNIT TYPE

TYPE A

Overlooking SIRA's main spine and central lake, Unit A offers a serene living experience defined by open views and natural surroundings. Its prime positioning allows residents to enjoy a continuous connection to the landscape, where water and greenery become part of everyday life.

A RESIDENTIAL EXPERIENCE

COMMUNITIES

UNIT TYPE

TYPE B

Designed for openness and perspective, Unit B features expansive, panoramic views with distinctive corner orientations. Located close to the compound entrance, it combines accessibility with a sense of space, offering a bright and dynamic living environment.
